History and future united: Fraport

About a hundred years ago, the development of Frankfurt Airport started on an open field close to the city called Rebstockgelände. Today, Fraport AG manages what has become Germany's largest airport and the country's gate to the world.

With 29 additional Flughäfen on four continents and about 182 million passengers, Fraport is among the leading airport management companies in the world.

At Frankfurt Airport, we are proud to make our passion for aviation accessible in a very unusual and special way – with an experience that turns every business event into something truly unique.

A location that convinces every guest: Frankfurt Airport

Whether your guests arrive from a different timezone or just around the corner, whether they travel by plane or by car – Frankfurt Airport is always easy to reach. From all directions, fast, easy and comfortably. The highways A3 and A5 are directly connected to the airport, two train station offer direct access to both local and long-distance trains. Countless destinations all over the world can be reached directly from Frankfurt Airport.
